TO LIVE & DINE ATLANTA

Atlanta Decorative Arts Center
Monday, August 15th

This year's To Live & Dine was a perfect juxtaposition of the thriving restaurant scene and the elite design community. The tasty bites from all the top restaurants were incredible, but the over-the-top designer vignettes and tablescapes were nothing short of perfection! Guests were in awe the moment they arrived. Thrasher Pool & Spa created a one-of-a-kind infinity pool to truly bring their masterpiece creations to life. They also provided branded glassware in which guests enjoyed their perfectly curated cocktails! Traci Rhoads displayed an ultra high-end fashion vignette with Manolo Blahnik stilettos & bottles of rosé! The stimulation did not stop there. As soon as guests stepped through the doors, entertainment was already in full swing with a white baby grand piano compliments of Cooper Piano. As guests made their way through ADAC, they dined on decadent cuisine with plates courtesy of Strathmore Floors & Benjamin Moore while exploring jaw dropping, custom designed tablescapes by some of the industry's best—Douglas Hilton who created a breathtaking VIP Lounge which was compliments of Coldwell Banker, Ann Wisniewski, Catherine McGahan, Jason Mitchell, Nina Nash & Jared Hughes, Elizabeth Coombs and many more who utilized the showrooms at ADAC. The night was one to be remembered.
