“My job is to create for you the home of your dreams.”

Ann creates one-of-a-kind spaces by infusing each project with her client's own personal style. Through her use of classic sophisticated lines, touches of color, custom designs and that touch of the unexpected, her spaces provide the elegant yet casual feel that today's clients are looking for. After going back to school to pursue a degree in Interior Design, Ann established AJW Designs, Inc. in 2001, with husband John, an architect. Together they have developed a thriving national business completing luxury residential and commercial projects both nationally and internationally. Ann's talent, personality and dedication have garnered her not only the trust, confidence and appreciation of her clients, but also the respect of her peers and recognition by the media. She is the Past President of the Georgia Chapter of the American Society of Interior Designers and her work has been seen in magazines such as *Modern Luxury*, *Atlanta Homes and Lifestyles*, *House Beautiful*, *Atlanta Magazine* and *Atlanta Home Improvement*. Ann gives back to her community as a member of Dwell with Dignity, Atlanta, a non-profit organization helping families escape poverty and homelessness by surrounding them with good design, inspiring pride and a standard of living where they can thrive.
