ATLANTA *FACES of* DESIGN*ANN WISNIEWSKI, ASID*

AJW Designs, Inc. blends the creative, award-winning styles of husband and wife team Ann and John Wisniewski. Together, they create life-changing environments by offering innovative solutions to their clients. When hired at the beginning of the project, their knowledge and experience bring higher value and better use of space, while always being mindful of the investment their client's want to make. Their approach blends John's extensive architectural/construction knowledge with Ann's expertise for creating signature interiors that incorporate classic elegance with a modern flair. They offer architecture and interior design services for Residential and Commercial projects. Their focus is the outcome of their projects. By doing this, they provide not only great design, but the benefits of increased sustainability, privacy, security, and healthy environments, promoting better relationships, and greater wealth in business and at home. Services include: consultations, construction drawings for new construction and all types of renovations and additions, selection of all finishes and furnishings for interiors and outdoor spaces, project management and planning.
